

## 4-H Camp: Inspiring a Generation of Doers

The best gift we can give our children is to empower them with skills that will last for a lifetime, which is why parents have been sending their kids to 4-H camps for decades.

4-H was founded on the belief that when kids are empowered to pursue their passions and chart their own courses, their skills grow and take shape, helping them to become true leaders in their lives, careers and communities.

When it comes to providing your child with a life-changing experience, there's nothing quite like 4-H camp. Camp provides the full benefits of a 4-H experience — caring adult mentors, university-backed educational curriculum and youth leadership opportunities — coupled with the fun and wonder of camping in the great outdoors.

At 4-H Camp, your child will learn critical life skills, including resilience and independence. If we want our kids to be able to bounce back from adversity, stress, challenges and failures, teaching them resilience is key. By pushing themselves out of their comfort zones, young people become more resilient, and as a result are more independent and better able to plan and reach their long-term goals.

Children benefit from a deliberate, research-backed development and delivery model that focuses on these skills, which are crucial as a foundation for young people, enabling them to thrive in both school and the work environment.
